The report will be expanded to include a Next Steps section as well as a piece on Recommendations.
 - The focus of the current Spotlight Report is co-occurring disorders. **Mr. Choate** indicated that the report will examine co-occurring disorders among detained youth as well as among incarcerated adults. Data will be supplied by the Arizona Department of Juvenile Corrections and the Arizona Department of Corrections.

 - Also discussed was the creation of a website, using feedback from community coalitions/chairs, which would disseminate the data from the *Substance Abuse Epidemiology Profile* in a more user-friendly manner for use by coalitions, policy makers and other interested parties.
